**Internet Crimes Against Children Task Force Arrest Eight in
Ends Child Pornography Operation**

Over the past four weeks, the Internet Crimes Against Children Task Force has been working on search warrants and arrests of individuals involved in child pornography.

Due to the images and videos found on the suspect's computers, we want to ensure that there are no additional victims we are not aware of within our community. We need parents to talk to their children in about accessing certain web sites and to educate them on the dangers that are on the internet.

LVMPD, Henderson P.D., and FBI have teamed up together under an Internet Crimes Against Children Task Force. Our first task is to ensure that those who victimize our children are stopped. Our second task is to ensure that those who produce, posses or trade images or videos of children being raped, are found and arrested.

Press Conference will be at the Public information Office Located at 400 Stewart at 2:00p.m.
